

Link Governor Visit Claire Robson	3/3/16
Focus of visit To gain a better understanding of provision for SEN in the school	Classes/staff visited Miss Limer
Summary of activities eg talking to staff and pupils, looking at resources, had lunch etc. Miss Limer showed me the resources used to assist children in their learning e.g. Toe by Toe, Fresh Start. I told Miss Limer some advice that was given to me on a recent training session.	
What have I learned as a result of my visit? I learnt a great deal about the support given to children in school and also about the system for referral to other agencies for more help.	Positive comments about the visit The visit was very beneficial. I feel I learnt a lot from Miss Limer
Aspects I would like clarified/questions that I have I think a breakdown of the resources used would be beneficial for governors. I would also like to arrange a learning walk with Mrs Donnelly so I can see how resources are used.	
Ideas for future visits As a result of a suggestion from Miss Limer I am going to make an SEN file for governors. This will contain information about SEN which might be useful to other governors.	
Any other comments Miss Limer was very willing to give up her time and answer my many questions. She had a good grasp of what was required of her as SENCO. Signed: Claire Robson, SEN link Governor
